

## HENRICO SITUATION

Republican Candidate for the  
Treasurership.

DEVELOPMENTSEXPECTED

Movement for a New Committee Being  
Pushed—Divorce Granted in Circuit  
Court—Cases Before the Mag-  
istrates—Samuel After Dogs.

There is no flagging of interest in Henrico political situation, which is keeping well to the front with developments of almost daily occurrence.

One of the interesting happenings of yesterday was the appearance in the field of a Republican candidate for the disputed office of treasurer. The split among the Democrats probably arouses a belief in the other side that it may be possible to slip in between the two nominees while they are still quarrelling about the office. This, however, is generally taken to be a rather far-fetched hope. The Republicans could not muster much strength in the county, and there is no likelihood that the candidate will cut any great figure in the results. Still, the announcement is interesting, as still further complicating the already very complicated situation. The candidate is Mr. Jacob F. Shaw, who about ten years ago was commissioner of the revenue in upper Henrico. He is well known in the county.

Important developments in connection with the treasurership matter are expected to-day. There will probably be some further step in the movement for organization of a new county committee around the four men who split off from the others and stood by the State Committee. This movement is being pressed vigorously, and it was said last night that the proposed action would certainly be taken. Something in this direction may come out to-day. In addition to this, the attorneys for Mr. Brauer hint vaguely at something else, the exact nature of which they cannot yet divulge.

Mr. Brauer has begun his campaign in earnest, and is evidently setting out for the fight of his life. He is holding conferences with his friends as to the best method of conducting the campaign. One such conference will be held to-night. Thousands of cards have been printed and scattered over the county. They solicit support for the treasurer and claim the party nomination. Nothing definite has been heard yet from the members of the State Committee who have been asked to enter the fight, and stump the county in the interests of Brauer.

On the other hand, Mr. Todd is also very active. Just what his plans are cannot be said, but he, too, is preparing for a big fight. He has sent his cards and stumps all over the county, and like Mr. Brauer, is basing his fight on a claim to the party nomination.

The Circuit Court was in session yesterday and transacted several matters. An absolute divorce was granted to Mrs. Minnie L. Seay from her husband, William C. Seay, on the ground of desertion. A child of this couple, Maggie May Seay, was placed in the custody of the mother.

C. Bagley, charged with breaking into the house of Edward Whitman and stealing \$5, has been fined \$10 and costs and sent to jail for six months.

Henry Jordan, charged with being drunk and disorderly at Thine Sullivan's store on Osborne Turnpike, was fined \$2.50 and costs.

Law Burton, charged with being drunk and disorderly and using profane language, was fined \$5 and costs and required to give security to keep the peace.

Constable T. H. Samuel will set out to-day on the track of 750 dogs. It is a task the Constable does not relish, and he complains much, but the law is the law and he has no choice. Mr. Samuel will endeavor to collect the taxes on these 750 dogs. Where the owner fails to pay or refuses to do so, the Constable kills the dog.

Constable T. H. Franklin has resigned his position, and Officer W. C. Temple, who was elected from Fairfield, and who will go into office on January 1st, will probably be appointed to succeed him at once.

**HIS SON VERY SICK**

Rev. Dr. Drew, formerly of this City, En Route for California.

The Rev. Thomas Drew, D. D., formerly pastor of Grace-Street Presbyterian Church, of this city, passed through Richmond Monday afternoon on his way to New York.

Dr. Drew has many warm friends and acquaintances here who will regret to learn of the very serious illness of his son. Dr. Drew, the son, was for some time a medical missionary of the Southern Presbyterian Church. He worked in Korea until his health broke down and he was ordered back home. He has since become the government quarantine officer at San Francisco. He is now dangerously ill at Oakland, Cal., to which place his father is hurrying with his daughter, who will meet him in New York.

**JUDGE BROWN SAYS  
EVERETT WILL WIN**

Former Senator J. Thompson Brown, of Nelson, of his law partner, William G. Loving, are in the city to appear before the Corporation Commission to-day in the matter of the proposed extension of the Chesapeake and Ohio Railroad, to compel the latter to give a better freight rate on tan bark shipped over the Southern Railway to Lynchburg. This is the second time the case has been up, it having been postponed some time.

When asked concerning Nelson politics, Judge Brown declared that he was of opinion that Dr. John C. Everett, the Democratic nominee for the House of Delegates, would win out over the present incumbent, Mr. W. H. Goodwin, Republican.

Mr. Risdon Misrepresented.

Mr. Hugh C. Risdon, industrial broker, No. 431 Bond Building, Washington, D. C., has been erroneously reported as being connected with the Southern Railway industrial and immigration Bureau. Mr. Risdon writes that he is entirely independent of the industrial offices of this or any other railroad.

Trolley Pole Broke Windows.

Jumping from the wire at Fourth and Louisa Streets last evening a trolley pole became entangled, broke and shattered several windows. The car was well filled, and there was some alarm, but no one was hurt.

## STUART MODELS TO BE RETURNED

All Will Go Back, but Three.  
Modified, Will Come Again  
In New Contest.

The artists who submitted models for the Stuart equestrian statue and who were unsuccessful, have all written to Captain Dimmock, chairman of the committee, asking that their designs be returned to them. It was thought that possibly some of these models, at least, would be given to some of the institutions of the city, but the artists want them back.

The three artists, Messrs. Moynihan, Morahan and Gudobrod, who were given a second contest, have also requested for their models to be returned to be used by them in making the modifications indicated by the committee. These gentlemen do not wish their efforts to be exposed to public view until they have had this second trial. They have asked the committee to give them two months in which to return the remodeled designs, and while the committee has not yet taken the matter into consideration, it will be indulged a period sufficient to make the necessary changes. This will bring the final action of the committee not much earlier than the middle of December.

The committee will meet every week from now on, and Secretary W. Ben Palmer is anxious to see every one who has any money for the monument fund.

**BRAXTON WILL APPEAR  
AGAINST RAILROADS**

Hon. Allen Caperton Braxton, of Staunton, and former Senator John L. Jeffries, of Norfolk, held a conference here yesterday with Attorney-General Anderson, with the view of resisting the appeal of the railway companies of the State from the decision of the Corporation Commission in the matter of fixing demurrage rates, &c. The case promises to be one of unusual public interest when it comes to the higher court at the November term.

The railway companies will be represented by Hon. A. L. Thom, J. Allen Watts, Alex. Hamilton and others who are considered among the ablest lawyers in the State.

**BOARD OF FISHERIES**

Senator Keezell and Other Members Are Here.

The State Board of Fisheries will hold their regular monthly meeting at Murphy's Hotel to-day and a large amount of routine business is to be disposed of. Senator George W. Keezell, of R. K. Island, and several other members of the board, were on the ground last night. The former was warmly greeted by his friends here, who wished him a safe return to the Senate over his Republican opponent, Mr. George N. Earman. The two candidates have some lively things to say about the matter, and will meet again from time to time until the battle is over.

**Interesting Revival.**

The congregation of Laurel-Street Methodist Church is in the midst of a very interesting revival meeting, and between twelve and fifteen persons have professed conversions and many persons asked for prayers.

The attenders on the meeting have been large and increasing at each service. Rev. G. W. H. Johnson, of Norfolk, who is assisting Dr. Johnson, is preaching sermons of great effectiveness, and has the closest attention of the hearers.

Mr. J. L. Mayfield, with his sweet and tender solos and the leader of the choir and congregation, is doing greatly in the meeting.

**Holiness Meetings.**

A special series of meetings has begun at the Mission Tabernacle, No. 704 East Grace Street. They will be held daily at 11:30 A. M. and 8 P. M., and have for their aim the promotion of scriptural holiness and the salvation of the unsaved. The public are cordially invited to attend.

**Mr. Graves Here.**

Mr. Linnaeus C. Graves, of Somerset, Va., is visiting his grandmother at No. 317 Harrison Street, for the Horse Show week.

**Divorce Circuit.**

In the Henrico Circuit Court yesterday Minnie M. Seay was granted an absolute divorce from her husband, W. K. Seay, on statutory grounds.

**FAKE HAIR PREPARATIONS**

Do Hair No Good, But Often Cause It to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle, and finally, flakes. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing it to fall out. To cure dandruff, the germ must be killed.

Destroy the cause, you remove the germ. Newberry's Herculite is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly. Sold by leading druggists. Send 10c. in stamps for sample to The Herculite Co., Detroit, Mich. Owens & Minor Drug Co., special agents.

Meeting of Common Council—Registrars Get Less Money than Formerly—Clear-Water Proposition—Notes and Gossip.

Manchester Bureau, Times-Dispatch, No. 1102 Hull Street.

A started expression spread over the face of the Common Council last night, when Auditor Hall, who is also clerk of Council, presented a bill from Hammond, the florist, for a design, alleged to have been furnished some time in August.

"I have heard that Council was dead, but I didn't know it had been buried," said Mr. Owen, and then the auditor was instructed to inquire into the matter.

After this incident the body settled down to business.

The report from the Finance Committee, recommending that the registrars be paid \$23 1-3 a day for their services, in lieu of \$5.50, as paid formerly, was adopted. The law says that not less than \$2 a day shall be paid for such services, but in its liberal spirit the Common Council goes beyond that mark, not quite so liberal as formerly, but still liberal. Richmond pays \$3 for the same work.

**TELEPHONE FRANCHISE SOLD.**

The telephone franchise, which had been anticipated, was sold to the Southern Bell for \$25, a check for that amount being presented with the bid. An ordinance was then adopted along the line agreed upon between the city and the company, and the matter was then pushed up to the Board for concurrence.

**VOTING PLACES.**

A report from the Elections Committee, recommending the various voting places, was adopted. There is a vacancy in the First Ward. The other places are: Second Ward—Tury room in the courthouse; Third Ward—No. 1118 Hull Street; Fourth Ward—R. A. Bowen's office in lumber yard.

**CLEAR WATER.**

The report of the Committee on Clear Water was referred back. This report was adverse to the proposition submitted by Mr. John C. Robertson, but it was sent back in order that Mr. Robertson might appear before the committee again with another proposition.

**WATER SUPERINTENDENT'S REPORT.**

The superintendent of water submitted his annual report. It showed that 1,500 feet had been added to the mains, and it suggested that some steps be taken to enlarge the pump power, as the pumps were even now working their full capacity. Some trouble had been experienced by electrolysis on Seventh Street, and there was a general demand for clear water.

The receipts in the department for the year were \$14,688.36; disbursements, \$7,727.13.

**TO REMOVE TROUGH.**

Mr. Owens presented a resolution asking the removal of the water trough from Seventh Street, near Hull, to a point near the market house building. This resolution was sent to the Street Committee.

Mr. Wakefield presided, the first time since his return from Philadelphia, and he was heartily welcomed. These present were Messrs. Pettit, Cox, Ferguson, Nunnally, Reams, Taylor, Owens, Grizzard and Sampson. The Mayor, the chief of police and the city attorney were also present.

**MASONIC BAZAAR.**

A busy scene presents itself at Masonic Temple. The big hall is being rapidly changed into a bower of beauty, preparatory to the opening of the bazaar next Monday night.

The ladies are taking as much interest in the affair as the men, and their suggestions and aid are helping in a wonderful way to make the place attractive enough to spend several hours a night there.

**POLICE CHANGES.**

Owing to the continued indisposition of Policeman Richard Jones, the board has decided to put on a substitute in his place during the first part of the coming month. This means that the board is taking steps to make the force efficient. Mr. Jones has been unable to do duty for nearly four months. If he recovers his health he will continue in service.

**VADEN CASE.**

The hearing of the case of Walter Vaden, charged with the murder of Joseph Webster, near Skinquater, has been postponed in the Circuit Court to November 12th. Messrs. C. L. Page and E. H. Wells represent Vaden and Judge Gregory and Mr. H. M. Smith will conduct the prosecution. The defense will be self-defense.

**THEIR REGRETS.**

The colored people of Manchester prepared a set of resolutions on the removal of Judge Ingram from the Corporation Court of this city to the Law and Equity Court of Richmond. They deplore his removal, and wish him prosperity and ADJUDGED INRANE.

Jonnie Jones, an old colored woman, has been adjudged insane by a commission consisting of "Squire Jordan, Dr. Rucker and Dr. Miller. She will be sent to Petersburg.

**GOOD REPORTS.**

The reports for the first month at the Mechanics' Night School show the following honors:

First honors were obtained by Loran Haddock, Benjamin Munn, Arthur Johnson, Luther Richardson and Otis Toney, of the second-year class, and William Toney, Creed Davis and James Carr, of the first-year class.

Second honors—Harvey Childress and Charles Bonkman.

Excellence in Arithmetic—Thomas Munn.

Excellence in Spelling—Loran Haddock, Excellence in Drawing—Benjamin Kitchen.

Excellence in Writing—William Toney.

**PERSONAL AND NOTES.**

Professor A. M. Garber is better. Mrs. Amy Morton Redway, of Washington, is visiting Mrs. E. Howlett Trautman.

**THE CHARITIES AND  
CORRECTIONS COUNCIL**

The Executive Council of the State Council of Charities and Corrections will meet in Norfolk October 26th. Secretary George B. Davis yesterday sent out notices to the members.

**Mr. Sadler Here.**

Mr. Joseph F. Sadler, Democratic nominee for the Senate in the district composed of the counties of Chesterfield, Powhatan and Gloucester and the city of Manchester, was a caller at the Capitol yesterday.

**WILL DEBATE ON  
NEGRO PROBLEM**

Live Question Chosen by  
Richmond and Wake  
Forest Colleges.

Representatives from Wake Forest College arrived in Richmond Monday to confer with the Richmond College representatives in regard to the intercollegiate debate which comes off here Thanksgiving night. As Richmond College is the challenged party, it has the choice of the question, while Wake Forest remains the choice of the affirmative or negative.

At a joint meeting of the Mu Sigma Rho and Phi Kappa Phi Literary Societies Tuesday, the following gentlemen were appointed to frame a question and submit it to Wake Forest representatives: Messrs. Snead, Willis and Lankford from the former, and Messrs. Ball, Brimmer and Alley from the latter. These, in company with Drs. Boatwright, Mitchell and Foushee, met in the president's office, and after discussing many of the most momentous questions of the day, finally decided on the following as offering the best field for a fair and spirited debate:

"Resolved, That deportation offers the best solution of the negro problem in the United States."

It is the desire of the committee in consideration of the excitement which will prevail here Thanksgiving night, to postpone the debate for a few days, and according to Academy for some night the following week.

The Raleigh Chamber of Commerce, which offers the cup, however, stipulated that the debate was to be held Thanksgiving night, and until they can be consulted nothing definite about the postponement can be known.

The following rules of debate which were drawn up last year will remain unchanged with the possible exception of the date:

1. The debate shall be held annually until good reasons are assigned for its discontinuance.

2. The place shall alternate yearly between Raleigh and Richmond, beginning at Raleigh, and debate shall be held on Thanksgiving night.

3. Expense of hall shall be borne by college visited.

4. Number of debaters shall be limited to two from each college.

5. First speech limited to twenty minutes each, and reply, fifteen minutes each.

6. No man who has taken his A. B. shall be eligible for debate.

7. College challenged shall present the question; challenger has choice of sides.

8. Number of judges shall be limited to three, one selected from each college, and these to select a third.

9. Judges shall decide question on merits of argument produced.

10. The president of debate shall be a representative citizen of city in which debate is held.

The secretary of debate shall be chosen by visiting college, and said secretary shall act as timekeeper, an additional timekeeper to be selected by college visited.

11. The cup offered by the Raleigh Chamber of Commerce shall be presented to the winner.

**MINIATURE HORSE SHOW**

A Broad-Street House Has a Most Unique Window Display.

Window dressing throughout the country is quite an art nowadays, and Richmond merchants, alive to the fact, have made a wonderful stride in that direction in the past four or five years. Every public affair is reflected by one house or another in their window displays, and at times several houses vie with each other to make their's the most appropriate and catchy.

There is good reasoning in it; for after all "advertisement" is what they seek, and they well know that pays, wherever it is found, and they get it in a window that causes every one to stop and admire what is offered to the thousands who pass by.

One of the most unique "dressings" this week is that in the window of Walter D. Moses & Co., the piano house on Broad Street. Before the window large crows are seen all day and late at night, and many are the compliments passed. The scene presented is a miniature reproduction of an inner view of the House Show building, the boxes, ring, and all are faithfully carried out. The ring, covered with tan-bark, is occupied with a quartette of female riders, mounted on their gay chargers, lined up before the Judge for the distribution of the premium ribbons in the "ladies' saddle horse" class, while in the background, passing out, led by their jockeys, are the two ribbon winners in the hunter's and jumper's class. The boxes are filled with ladies and gentlemen in full dress. Every detail is minutely carried out. In all it is an excellent display, and it well deserves special mention.

Mrs. R. E. McDowry, of Temple Farm, accompanied by Mrs. Hugh McFarish, of Williamsburg, are visitors at the Horse Show this week.

**Dyers Return to Work.**

(By Associated Press.) PHILADELPHIA, Pa., Oct. 13.—The Dyers' Union has returned to work, thus finally ending the textile strike which began in this city on June 1st. The dyers are the last of the 120,000 strikers to return to work.

**Union Vets to Meet.**

(By Associated Press.) LOUISVILLE, Ky., Oct. 13.—About one hundred old soldiers were present this morning when the first session of the 1903 annual encampment of the Union Veterans' Association was held. The veterans were wearing addresses and responses were heard, and at their conclusion General R. S. Dyer, of Louisville, announced that he had declined to stand as a candidate for national commander. Several auxiliary organizations will hold meetings during the day.

## THE SYNOD WILL MEET NEXT WEEK

Old Question of Division Will Be One of the Leading Issues.

The Presbyterian Synod of Virginia will meet next Tuesday at Abingdon, Va. All of the Richmond ministers will be in attendance.

Apart from the routine work of the Synod, always of interest and importance to the denomination, there are one or two special matters that are likely to come up. The old question of the division of the Synod will be one of the leading issues. Last year this matter was laid on the table, but it will be on the floor again. Every preparation is being made for a desperate struggle by the divisionists and for an equally hard fight by those opposed to the movement. It appears that the two who favor division are in the majority, and that if the vote were taken on the question of division in its simple form they would win. But they are split among themselves, one faction favoring division into two parts and another advocating division into three. The two factions cannot reach an agreement, and the side who favor the continuation of the present bounds of the body is larger than either faction, though not so large as both. Hence, so long as the split continues the Synod will probably remain as it is.

Another important matter will be the proposed report. There are rumors of some decidedly interesting developments that are possible in this direction. The orphanage work itself will probably command considerable attention. It is just opening up, under the Rev. C. W. Maxwell, and it gives every indication of being a great success.

**A GREAT SUCCESS**

Every indication that There Will Be a Street Railway Y. M. C. A. Here.

Every indication points to the very thorough success of the movement to secure the establishment here of a street railway department of the Young Men's Christian Association.

Up to 10 o'clock Monday night 150 men had signed the agreement, and during yesterday the number was largely increased. It is necessary to secure 200 by October 20th, and a sufficient number will be signed up long before the expiration of the time limit. It is expected that fully 500 men will be in the department after the movement gets thoroughly launched.

The work of fitting up the Y. M. C. A. building, which is now in the hands of the company, will be located, will begin at once. About \$5,000 will be expended, and every attraction in the way of reading room, game room, gymnasium, both rooms, and so on, will be added. The department promises to be one of the most successful ventures of the Central Y. M. C. A. of Richmond.
